# Milford Lounge Chair

Make a style statement with the Milford Lounge Chair. Handcrafted with clean teak lines and a modern silhouette, it is a perfect fireside perch. Pair with the larger 2 or 5 seater lounges for the ultimate outdoor lounge setting. Designed to reflect Aotearoa's beauty and endure her elements.

A Grade Teak  
Solution Dyed Acrylic Fabric  
Contact Devon for fabric colour options

TEAK is a durable hardwood timber that's been used for boat building and furniture making for centuries, thanks to its strength and longevity. Teak will survive many years outdoors with little or no structural deterioration thanks to its highly water-resistant quality and natural oils. We carefully select A Grade Teak.

SOLUTION DYED ACRYLIC FABRIC is a durable, high-performance synthetic fabric made by adding coloured dye to the acrylic fibers. This makes it one of the most fade resistant fabrics, ideal for harsh UV rays. It's also mildew resistant, highly durable, and soft to touch.

QUICKDRY RETICULATED FOAM is used for our cushion inners. This foam has large pores to allow water to drain quickly and air to circulate, ensuring it maintains its shape and comfort despite the elements.

# Milford Lounge 2 Seater

The 2-seater Milford lounge is a comfortable must-have for outdoor relaxation, and the modern silhouette makes a style statement. Designed to reflect Aotearoa's beauty and endure her elements.
